### be natural® in France

France is not only the "cheese country" but also the "natural slate country" ! Indeed, the hexagon is the first consumer of natural slate in the world, importing 94% of its needs from Spain. Itself, it consumes almost half of the world production.

### JOB of the month :

Tejado pleno cubierto de pizarra. Esta construcción se inspira de una construcción típica de Galicia que es el hórreo.

### TRADE SHOW :

Moscow (Russia), June 16<sup>th</sup> - 19<sup>th</sup>

Teheran (Iran), July 20<sup>th</sup> - 23<sup>rd</sup>

## U.S SLATE TODAY

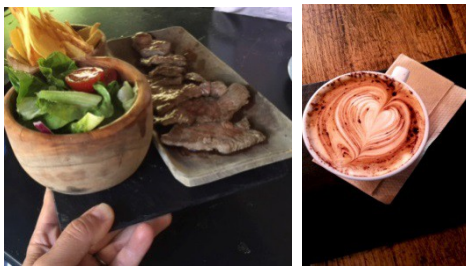

*New slate roof for the Wilson College, one of America's finest Universities founded in 1869.*

*GalCar unfading black 20x12, one of the world's finest slate has been chosen.*

We ❤️

and eat !

On natural slate the product is highlighted, isn't it ?

**Plus grand que la Tour Eiffel**  
Le bateau de tous les superlatifs. Un navire plus grand que la Tour Eiffel et plus large que l'Arc de Triomphe, disent ses admirateurs : 398 m de long et 54 m de large.
