Arquitectura negra en Guadalajara (España)

Pizarra, piedra y madera. Estos son los tres elementos básicos que predominan entre sus calles. La piedra se apodera de los muros y la pizarra hace lo propio con los tejados. Una arquitectura negra muy característica de la zona.

Beautiful facade project by Minera Skiffer

It was decided that Statnett's new administrative building at Strinda, outside Trondheim, should have a modern design. It represents a striving to achieve the best possible harmony with the surrounding buildings.

L'ardoise s'exporte dans le monde, le Quernon aussi !

Le Quernon d'ardoise c'est la rencontre complice entre un artisan chocolatier et l'Anjou. Fasciné par le travail des ardoisiers et l'inimitable bleu de cette roche ce maître chocolatier angevin a créé une confiserie qui lui rend hommage.

TRADE SHOW :

Ecobuild (England) – March 6th - 8th

ecobuild

06-08 March 2018 / ExCeL, London

Xiamen Stone Fair (China) – March 6th – 9th

U.S SLATE TODAY

be natural® at the Roofing Expo

This month, I went back to USA, to New-Orleans – Louisiana, for the the International Roofing Expo. It was very interesting, with good conferences. It allowed me to see some people that I haven't seen for a long time. One more year, be natural® was proud Sponsor of the SRCA stand at the IRE.

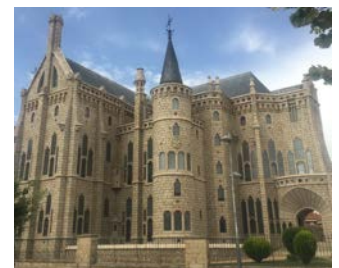

Winter is almost over !

GalCar quarries – be natural®

Job of the month

La catedral de Astorga
